

OZFISH INTERN

CONTRACT TYPE: Full-time or part time role up to 300 hours, out of pocket expenses covered.

LOCATION: **Ballina, NSW** (Office), **Melbourne, Vic** (work from home), **Perth, WA** (work from home), **Townsville, Qld** (work from home), **Mildura, NSW** (work from home), **Brisbane, Qld** (work from home)

OzFish Unlimited is an exciting new NGO dedicated to helping the millions of Aussie recreational fishers restore their waterways and shore up the future of fishing. OzFish Unlimited partners with fishers and the wider community to invest time and money into putting back habitats that are critically important to fish and fishing.

ABOUT THE ROLE

OzFish is seeking a energetic Interns to gain valuable industry experience with our national operations team. Working with the OzFish HQ team and numerous OzFish volunteer chapters based across Australia, you will gain experience in;

- Assisting in local project delivery in a diverse range of fish habitat projects in the local area, including **field work** and **events**;
- Resourcing local projects including; supporting **applications for funding, approaches to businesses** and **stakeholders for support and fundraising**;
- Providing **desktop support** to fish habitat restoration, permits, mapping, species lists, budgeting and reporting;
- **Engaging fishers** in OzFish activities;
- Communication and **promotion** of OzFish activities (including regular social media interactions)

We are looking for someone enthusiastic about fish and fishing who wants to make a difference to aquatic environments.

KEY SKILLS:

1. Background study in Natural Resource Management, Environmental Science or similar
2. Willingness to engage the community and work with volunteers
3. Willingness to travel, current drivers licence and suitable vehicle for local travel.

IT WOULD BE A BONUS IF YOU HAD;

- Strong connections to the local fishing community
- Skills with mapping via google my maps, using .kml files
