

Better Habitat Better Fishing

Position: Project Manager – South Australia

Status: Full-Time (37.5hr/wk), Two-year contract (ongoing subject to funding)

Remuneration: \$87,750 - \$95,550/year FTE (exc super), depending on experience

Location: Adelaide or Victor Harbour preferred (location negotiable, work from home position)

OzFish Unlimited is an exciting NGO dedicated to helping the millions of Aussie recreational fishers take action for the health of their waterways and shore up the future of the sport they love. OzFish Unlimited partners with fishers and the broader community to invest resources into the protection and restoration of our waterways, counteracting decades of degradation.

OzFish is seeking an energetic Project Manager for our national project operations team. The role is a working from home role, and includes regular travel around SA. The role's key focus is on developing, resourcing and delivering fisher engagement, habitat restoration projects and new collaborations with existing and future project partners across SA. Working with the OzFish team and numerous volunteer chapters based across the state, you will be responsible for:

- **Ensuring successful project delivery** in a diverse range of fish habitat projects in the region, including logistics, fisher engagement, budgeting, reporting, stakeholder liaison, field work and events in SA.
- **Identifying opportunities to expand OzFish operations, designing and resourcing projects** in the region including writing project briefs, applying for funding, approaching businesses and stakeholders for support and fundraising.
- **Engaging fishers and the broader community** in OzFish activities, developing new Chapters and OzFish presence in SA including growing OzFish membership
- Communication and **promotion** of OzFish activities, including social content, media releases, radio interviews, short video recordings
- **Administrative and Safety support** for projects and Chapter activities
- Expect regular **travel** with SA and some travel across Australia as necessary.

We are looking for an **autonomous** individual who is **enthusiastic** about fish habitat and aquatic environments who wants to make a positive difference. Key skills required include:

1. Degree in Natural Resource Management, Environmental Science, Marine Science (or similar)
2. Experience in project management, delivery, reporting and budgeting
3. Experience scoping, developing and resourcing natural resource management projects
4. Strong stakeholder liaison and communication skills
5. Experience in engaging the community and managing volunteers in a number of roles such as developing and coordinating projects, materials, field days and events
6. A positive, engaging and can-do attitude
7. Willingness to travel, current drivers' licence and suitable vehicle for travel

Strong candidates would also have the following non-essential qualities:

- Established stakeholder network in SA as well as the ability to develop and nurture relationships with stakeholders and partners

Better Habitat Better Fishing

- Volunteering for environmental or community-based initiatives
- Specifically aquatic/fish habitat restoration project experience
- Connections to the local fishing community

To apply, please demonstrate the above 7 key criteria and any of the bonus criteria in an applications for the role, under **4 pages in total length**, and **attach a CV of 2 pages** or less and email it to Director of Habitat Programs, Jeffrey Bonnick on jeffbonnick@ozfish.org.au or for more information, call Jeff on 0410 098 540.

DUE DATE: submit before 7am Sat 26th October 2024, late applications will not be accepted.

This will be an active hiring process, and we will be holding interviews throughout the application period.
